## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 14, 15, 26 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Cunningham, U.S. 6,053,202.

Regarding claim 1, 14 and 15, Cunningham discloses a first hydraulic cylinder (264;248), an isolated sea chest (266) providing a source of hydraulic fluid, an actuator device (250) adapted (at 268) to pressurize the fluid, a hydraulic line from the sea chest to the first cylinder below the actuator (250) supplying pressure thereto.

Regarding claims 26 and 27, Cunningham discloses a subsea supply (266) to a first actuateable (via 250,268) hydraulic cylinder (248;264,254) operable connected to an actuator (281) via a hydraulic line (268) and actuating a control valve (272) to communicate between the actuator and fluid supply reservoir (254).

***Allowable Subject Matter***

Claims 2-7, 16-19, 28 and 29 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 32-41 are allowed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
